◆ CLASSIFIED SECTION ◆

IN MEMORIAM

—In memory of C. E. Seay, who died 11 years ago, Nov. 23, 1939. Today is a day of remembrance, And many a sad regret. A day we shall always remember, When the rest of the world forgets.

I know you will be there to meet us, With that smile you always wore; At the beautiful gate of heaven, Where we will meet to part no more.

—Sadly missed by Wife and Children.

Carver High School

We pause at this writing for mediating upon the day set aside for thanks to God for the many blessings which we have. We must compel ourselves to be optimistic in a world which remain upset, practices discrimination, and attempts to ostracize the minority groups. This Thanksgiving day we pray for tolerance, patience, and believe, "With God, all things are possible."

The Student Council's project of preparing Thanksgiving baskets for the needy is a fine one. We know someone will be touched. We must share our blessings with others.

The "Carver Briefs" being circulated by the Senior English and Typing Classes is nice. Keep up the good work. You're proving you can really type.

Approximately fifty eighth and ninth grade science pupils, with their instructor, Mrs. Ora Smith, visited the science department of Virginia Seminary last Friday. Two experiments were carried on while there by an instructor. The group also visited the Quality Dairies where a guide showed them all departments plus a prepared lecture and distribution of ice cream. The last place visited was the Water Works or Filtration plant. The trip was very educational. Also accompanying the group was Mr. E. T. Johnson.

My, the year is swiftly passing. With the "Turkey Hop," "Turkey Raffle," and beautiful cakes being made, we know it's holiday time. We're wondering who will get the live, plump turkey.

The Juniors are beginning to realize their goals and objectives for the year. Many projects are being carried on in spite of the work being placed on the shy their history instructor, Mr. James Clay.

The Science Club officers are as follows:

President, Gertrude Mickle
Vice-pre., Bernice Lewis
Secretary - treasurer, Margaret Madison
Chaplain, McKinley Tanner.

The Science Achievements Tests will be held here at Carver the first week in December. There are two seniors to take the test. Last year we had a senior who won a scholarship to college as an outgrowth of her interest in science. We hope that this year some of our seniors will be as successful.

On the trip last Friday, Perry Edwards did not like it because the boys rode one bus and the girls the other. Claude and Almetria didn't like the idea either; Serenia and Nettie though seemed to like it. What's up?

Willie Braxton likes to tail Cossie McCoy how nice she looks!

The Seventh Grade reports that practice will soon start for their Christmas program. Helen McCoy of that grade; Roberta Lewis, Mary Goode, Gloria Jenkins, and Rosa Jones seem to be working hard on their health chart this week. They wondered why Bass Ferguson does'nt pear so soon after leaving his home room Tuesday. Mr. Butler and the Carver Detective Bureau was into action. We wonder if he'll be caught?

We leave this thought with you: "Learning without thought is labor lost."

Senator Downey will resign and be replaced by Senator-elect Dino in California.
